

## ANIMAL OBSERVATION GUIDE

Pick a group of farm animals and observe with an adult. Discuss the animal's characteristics and jot down your observations.

Physical Appearance:

Color:

Texture:

Number of main body parts:

Number of legs (if any):

Habits:

How does the animal move:

What does it eat:

How does it communicate through sound:

How does it communicate through movement:

How and when does it rest:

What excites the animal or causes it to become active:

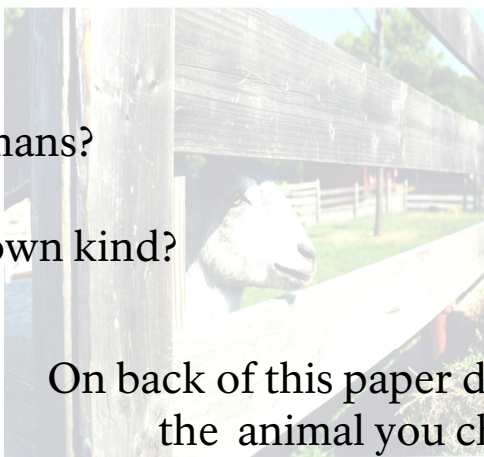

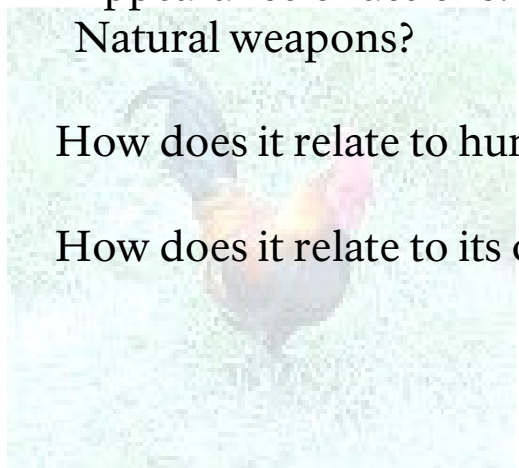

How does it defend itself:

Appearance or actions?

Natural weapons?

How does it relate to humans?

How does it relate to its own kind?

On back of this paper draw a picture of the animal you chose to observe.
